CONTACT MANAGEMENT APPLICATION

Contact management is a process of recording contacts details and tracking theair interactins with a business. Such systems have gradually evolved into an aspect of customer relationship management systems which allow businesses to improve sales and service levels leveraging a wider range of data

Features of the are as below:-

1.sing up

2.sing in

3. form

    a. contact name

    b.contact number

    c.a save button

The complete source code for the Assingnment is given below:

In this management, we will learn how to create Sign up and Login form using HTML and CSS.

HTML forms are required to collect different kinds of user data inputs, such as contact information like name, email address, phone numbers and credit card information, etc. HTML form is created with the help of <form> </form> tag and within this tag you will have all the input elements for taking

user input. Web Form or HTML form is very flexible and it can have many input fields of different types such as text field, password filed, radio button, combo box etc.

This forms contain unique factors known as controls like inputbox, checkboxes, radio-buttons, submit buttons, and so on. Customers normally complete a form through enhancing its controls e.g. Entering textual content, choosing gadgets, and so forth. and submitting this form to a web server for further processing.

Source Code:

First, we have to create two files. One of them is HTML, and the other one is CSS. After creating the files, paste the code provided below.

> **HTML CODE**

```
1 <!DOCTYPE html>
2 <html lang="en">
3   <head>
4   <title>Sign Up | By Code Info</title>
5   <link rel="stylesheet" href="Css/style.css" />
6   <link
7
8href="https://fonts.googleapis.com/css2?family=Roboto:wght@300&display=swap"
9   rel="stylesheet"
10  />
11 </head>
12 <body>
```

```
13    <div class="signup-box">
14      <h1>Sign Up</h1>
15      <h4>It's free and only takes a minute</h4>
16      <form>
17        <label>First Name</label>
18        <input type="text" placeholder="" />
19        <label>Last Name</label>
20        <input type="text" placeholder="" />
21         <label>Email</label>
22        <input type="email" placeholder="" />
23        <label>Password</label>
24        <input type="password" placeholder="" />
25         <label>Confirm Password</label>
26        <input type="password" placeholder="" />
27        <input type="button" value="Submit" />
28      </form>
29      <p>
30         By clicking the Sign Up button,you agree to our <br />
31         <a href="#">Terms and Condition</a> and <a href="#">Policy Privacy</a>
32      </p>
33    </div>
34    <p class="para-2">
35      Already have an account? <a href="login.html">Login here</a>
36    </p>
37  </body>
```

```
38 </html>

39 Login HTML

40 <!DOCTYPE html>

41 <html lang="en">

42  <head>

43   <title>Login | By Code Info</title>

44   <link rel="stylesheet" href="Css/style.css" />

45   <link

46href="https://fonts.googleapis.com/css2?family=Roboto:wght@300&display
=swap"

47    rel="stylesheet"

48   />

49  </head>

50  <body>

51   <div class="login-box">

52    <h1>Login</h1>

53    <form>

54     <label>Email</label>

55     <input type="email" placeholder="" />

56     <label>Password</label>

57     <input type="password" placeholder="" />

58     <input type="button" value="Submit" />

59    </form>

60   </div>

61   <p class="para-2">

62    Not have an account? <a href="signup.html">Sign Up Here</a>
```

63   </p>

64 </body>

65 </html>

Second, create a CSS file with the name of style.css and paste the given codes in your CSS file. Remember, you have to create a file with .css extension.

➢ **CSS COPY**

```css
1 body {
2  background-color: #344a72;
3  font-family: "Roboto", sans-serif;
4 }
5  .signup-box {
6  width: 360px;
7  height: 620px;
8  margin: auto;
9  background-color: white;
10  border-radius: 3px;
11 }
12
13  .login-box {
14   width: 360px;
15  height: 280px;
16   margin: auto;
17  border-radius: 3px;
```

```css
18  background-color: white;

19  }

20

21 h1 {

22  text-align: center;

23  padding-top: 15px;

24  }

25

26 h4 {

27  text-align: center;

28 }

29

30 form {

31  width: 300px;

32  margin-left: 20px;

33 }

34

35 form label {

36  display: flex;

37  margin-top: 20px;

38  font-size: 18px;

39  }

40

41 form input {

42   width: 100%;

43  padding: 7px;
```

```css
44   border: none;
45   border: 1px solid gray;
46   border-radius: 6px;
47  outline: none;
48  }
49 input[type="button"] {
50   width: 320px;
51  height: 35px;
52  margin-top: 20px;
53  border: none;
54  background-color: #49c1a2;
55  color: white;
56  font-size: 18px;
57  }
58 p {
59  text-align: center;
60  padding-top: 20px;
61  font-size: 15px;
62 }
63 .para-2 {
64  text-align: center;
65  color: white;
66  font-size: 15px;
67  margin-top: -10px;
68  }
69  .para-2 a {
```

70   color: #49c1a2;

71   }

❖ PROGRAM

➤ Signup.html

```
1 <!DOCTVPE html>
2 <html lang="en">
3 <head>
4 <title>sign up</title>
5 <link rel="stylesheet" href="css/style.css">
6 <link href="ABCD">
7 re="stylesheet">
8 </head>
9 <body>
10 <div class="signup-box">
11 <h1>sign up </h1>
12 <h4>its free and only takes a minite</h4>
13 <from>
14 <label>first name</label>
15 <input type="text" placeholder="">
16 <label>last name </label>
17 <input type ="text" placeholder="">
